SCHWAB REPORTS MONTHLY ACTIVITY HIGHLIGHTS

WESTLAKE, Texas, February 14, 2025 – The Charles Schwab Corporation released its Monthly Activity Report today. Company highlights for the month of January 2025 include:

- Core net new assets brought to the company by new and existing clients totaled \$30.6 billion – a year-over-year increase of more than 75%.
- Total client assets equaled \$10.33 trillion as of month-end January, up 21% from January 2024 and up 2% compared to December 2024.
- New brokerage accounts opened during the month totaled 433,000, an increase of 18% versus January 2024.
- Driven by sustained market engagement, January daily average trades increased by 7% month-over-month to 7.37 million.
- Transactional sweep cash declined by \$19 billion month-over-month to end January at \$399.6 billion. This reflects typical seasonality to begin a new year, as clients historically redeploy most of their prior year-end cash build-up back into the market.
- Bank supplemental funding balances were reduced by another \$3.7 billion to finish January at \$46.2 billion outstanding.
